

International Symposium Committee

Symposium chair:

Ani Grubišić
Faculty of Science, University of Split, Croatia

Committee members:

Angelina Gašpar
Catholic Faculty of Theology, University of Split, Croatia

Dijana Oreški
Faculty of Organization and Informatics, University of Zagreb, Croatia

Stamatis Papadakis
Faculty of Education, University of Crete, Greece

Slavomir Stankov
Split, Croatia

Dijana Plantak Vukovac
Faculty of Organization and Informatics, University of Zagreb, Croatia

Diego Zapata-Rivera
Educational Testing Service, Princeton, USA

Branko Žitko
Faculty of Science, University of Split, Croatia

Krunoslav Žubričić
University of Dubrovnik, Croatia

18-20 September 2025 // Split, Croatia

Symposium on:

Advanced Educational Technologies

Symposium Chair:

Ani Grubišić
Faculty of Science, University of Split, Croatia (ani.grubisic@pmfst.hr)

Call for Papers

Symposium on "Advanced Educational Technologies" will be held in the frame of the 33rd International Conference on Software, Telecommunications and Computer Networks (SoftCOM 2025), which is co-organized by the University of Split, FESB and Croatian Communications and Information Society (CCIS), and technically co-sponsored by the IEEE Communications Society (ComSoc), on September 18-20, 2025 in Split, Croatia.

The main goal of this symposium is to present and discuss recent trends related to Advanced Educational Technologies (AET). Different computer-based environments introduce technologies in the educational process in order to provide learning support and enhancement. Advanced technologies have to accommodate to the needs of a new generation of learners in emerging learning contexts. They need to keep transforming not only the ways people learn but what they learn as well.

Accepted and presented papers will be published in the conference proceedings, and submitted to IEEE Xplore, as well as, other Abstracting and Indexing (A&I) databases. Authors of selected papers will be invited to submit an extended version of their manuscripts for publication in a special issue of the [Journal of Communications Software and Systems \(JCOMSS\)](https://jcoms.fesb.unist.hr/).

We cordially invite speakers who wish to present original papers on the following topics of interest:

- Instructional design principles for online courses
- Intelligent tutoring systems
- Natural language processing during learning interaction
- Adaptive learning and courseware
- Ontological modelling and semantic web technologies
- Authoring tools and development methodologies
- Learning analytics
- Knowledge assessment in online courses
- Student models and cognitive diagnosis
- Language learning environments
- Maintenance environments
- Game-based learning
- Empirical studies of learning with technologies

IMPORTANT DATES

Final manuscript due	May 22, 2025
Notification of acceptance	July 7, 2025
Camera-ready manuscript	July 21, 2025
